AMBER PUSHES FOR GUST TOURISTS

Grayling Regional Chamber of Commerce, in conjunction with Eastern Michigan Tourist Association is working hard to tie the Grayling region as place to visit and vacation during August. In prior years, the area has been somewhat by-passed by many vacationers and tourists because of the heavy influx of the National Guard. This year, there is only one week of National Guard encampment in August, and lakes and streams in the Reservation area will be open.

Through press releases to news, radio and TV media via the Eastern Michigan Tourist Association, it is hoped that many persons can be persuaded to visit and stay in the Grayling region during August.

Royal Oak Couple Moves To Grayling

Wilfred and Mildred Ziegler have moved to Grayling from Royal Oak in the past couple of weeks. They purchased the former Bob Nelson home at 205 McClellan and have redecorated the interior to house Mildred's "Cottage Shop" and Wilfred's upholstery. Mrs. J. Edward Ziegler of Beverly Hills outside of Detroit, and a son Ronald of Royal Oak, as well as four grand children. They have owned the former Williams property on M-76 for the past ten years, and so have come to know the area. Mrs. Ziegler operated a shop in Troy for three years before coming here. She was previously with Robinson Furniture in the Northland shopping center in Southfield, studied interior decoration at the Chicago School of Design, and china painting and water color under Wilfred Brase of California. Besides having membership in professional women's associations, Mrs. Ziegler is also a member of the Red Cross Grey Lady Civil Defense Medical Unit of Royal Oak.

Choose Board Members For Merged Districts

To Elect Permanent Board Aug. 2 Election

At a special meeting of the trustees of the COOR Intermediate School District held last Wednesday evening, June 22nd, trustees to the interim board of the newly merged Frederic and Grayling school districts were chosen. Appointed to serve on this board were:

Herald Riggs of Frederic, Patrick Harwood of Lovells and Gerald Burns, Dr. B. E. Henig, Dr. Paul Dosch, Robert Smock and Eva Strong of Grayling.

This interim board met for an organizational meeting at the Grayling High School Thursday evening, June 23rd. Dr. B. E. Henig was elected to act as president of the group, Eva Strong as secretary and Robert Smock, treasurer.

At this meeting the newly formed district was officially named the Crawford AuSable School District. A special election to elect permanent members to the board of the newly formed district will be held on August 2, 1966, with election polls to be set up in the high school at Frederic and Grayling and Lovells-Town Hall. At this same election, the electors of the district will be asked to vote for five mills in taxes to operate the new district. Grayling is presently paying five mills and Frederic four so this is not a raise in taxes as far as the former Grayling district is concerned but is a one mill raise in the former Frederic district.

Petitions for those wishing to file to serve on the school board of the combined districts are available from Supt. Joseph Stripe or Eva Strong, Interim Board Secretary. At least 20 signatures are needed and no more than 50. Two petitions are to be filled for 4 year terms, two for 3 year terms, two for 2 year terms and one for a 1 year term.

To be eligible to serve on the new board one must be a citizen of the United States; above 21 years of age; a resident of the State of Michigan for 6 months; a resident of the school district at least 30 days next preceding the election; must own property which is assessed for taxes within the district.

Petitions must be filed with the secretary not later than 4:00 p. m. on July 5th, 1966.

Those signing the petitions must be registered voters. All registrations are taken by the city or township clerk. See registration notice elsewhere in this issue. One must not sign more petitions than there are terms of office. For example, in the August 2nd election only two petitions may legally be signed for each of the 4, 3 and 2 year terms of office and only 1 for the one year term.

Those circulating petitions to date are Dr. B. E. Henig, Dr. Paul Dosch, Patrick Harwood, Robert Smock, Gerald Burns, William Joseph, James Kolka and Gerald Burns.

The next meeting of the interim board of the Crawford AuSable District will be July 5th, 8:00 p. m. in the high school office in Grayling.

GUARD REVIEWED — Governor George Romney is pictured above, center, as he reviewed the massed battalions of Michigan's 46th Infantry Division at Camp Grayling last Saturday. To the Governor's right is United States Senator Robert Griffin of Traverse City while at his left is the 46th Division's Commanding General, Major General Cecil Simmons. In the second row is Brig. General John Johnson, Adjutant General for the Air Guard, left, and Brig. General Carson Niefert, right, Quartermaster General.

Gov. Romney Reviews Troops

Will Leave For Home This Saturday

Nearly 10,000 Michigan and Indiana National Guardsmen and Army Reservists will break camp early Saturday morning and begin their treks to cities and towns throughout the Midwest.

As the troops leave Camp Grayling it will mark the end of a rugged testing period for the 3,000 Michigan Guardsmen who are members of the selected reserve force (SRF) designated by Defense Secretary Robert McNamara as the first-line back-up force to the regular Army forces.

The SRF units were tested at the battalion level for their proficiency in all phases of unit tactics. The 55-hour tests were conducted by other members of Michigan's 46th Infantry Division.

One of the many highlights of the two-week encampment was the annual Division Review and Memorial Service held Saturday at the parade grounds.

Governor George Romney flew to Grayling to review the troops as commander-in-chief of the Michigan military forces. He was joined on the reviewing stand by 46th Division Commander Major General Cecil Simmons, Michigan Adjutant General Major General Clarence Schnipke and United States Senator Robert Griffin.

Prior to the traditional march in review three awards were presented by the governor to two individuals and one unit.

Sergeant Robert D. Howe of Company C, 2nd Battalion of the 246th Armor was presented the 1966 Stewart Medal as the top soldier in the Michigan National Guard during the past year.

Sergeant Howe from South Haven, was chosen after competition with other guardsmen in the school of the soldier, wearing of the uniform, military courtesy and other soldierly skills.

Governor Romney presented the Eisenhower Trophy Award for 1965 to Battery A, 1st Battalion (Nike-Hercules), 17th Artillery Unit, as the outstanding Army unit of the Michigan National Guard.

The trophy was awarded to Captain William P. Shelton of Fennelle, the unit commander.

The governor also presented a Bronze Star to Lieutenant Colonel Gordon C. Meldrum for meritorious service in the European Theater of Operations during the Second World War.

Colonel Meldrum is from Cheboygan and was a member of the 1310th Engineer Service Regiment from July 1944 to December 1944.

Two top ranking visitors from the Fifth United States Army were on post during the latter part of this week.

Tuesday morning Lieutenant General John Michaelis, commander of the Fifth Army, arrived on post to begin a two-day review of training.

General Michaelis viewed the testing of 147th Float Bridge Company, of Sault Ste. Marie, and the 1st Battalion of the 225th Infantry (Airborne) of Detroit, both SRF units.

He also viewed the 330th Training Regiment of the 70th Army Reserve Training Division as they administered basic combat training to more than 800 46th Division recruits.

About one hour after General Michaelis left the post by plane from the Grayling Airport, Major General Joseph E. Bastion Jr., deputy Fifth Army commander, arrived on post for a 26-hour review of training procedures.

Hot weather, with perhaps the longest period of continuously high temperatures in years, left its mark on the two-week training period.

Special provisions were made to provide recruits undergoing basic training with plenty of cool water. Division medical officers worked to insure that troops would increase their salt intake.

These precautions worked and no serious health problems resulted from the extreme heat.

Six U. S. Army Reserve units and one squadron of armored cavalry from the Indiana National Guard joined the 46th Division during the annual encampment.

Camp Grayling will be relatively quiet during the forthcoming holiday weekend and the week that follows. The 37th Division of the Ohio National Guard is scheduled to move into the training area on July 8 for a two-week encampment.

Housing Commission Offers Six Jobs

The Housing Commission can hire up to 6 youths between the ages of 16 and 21 to work in the beautification program. At present this would consist of weeding the petunias. Later, if we have enough help we have other programs in the planning stages. Any youth, girls or boys 16 to 21 years old, who are not working, can work 26 hours a week at \$1.25 per hour. We need them NOW. You can see how badly the flowers need weeding, and there are not enough city employees to do this in addition to their own work. Will the stores along 2nd please try to weed the flowers in front of their own business places until we can get some help? We need help NOW. Stop at the Housing Commission office in the new City Hall.

What causes accidents?

Ask an expert

He sees them every day, in the traffic congestion of large cities, on the quiet streets of small towns and on the open road. He spends most of every day behind the wheels and he knows what the dangers are on our streets and highways. His driving record shows that he is well trained because Mr. "Average Truck Driver" drives hundreds of thousands of miles without a chargeable accident.

Discuss accidents with him. He won't talk about nuts and bolts. He knows that most accidents are the result of poor driving practices.

The excellent safety record of professional truck drivers is no accident; it is the result of proper driver training and a continuing campaign to emphasize safe driving techniques. As a result, truck drivers obey the law, are courteous, alert and always drive, aware of the dangers which are present.

If you ask an expert what causes accidents, he'll tell you it's the driver behind the wheel that makes the difference.

Miss Marcia Ann Sorenson, bride, carried a ball bouquet of white daisies tied with white satin streamers. The bridesmaids, Miss Sorenson in a Nuptial Mass solemnized at St. Mary's Church, Judith D. Day and Mrs. Jack F. Grayling, at eleven o'clock Saturday morning, the twenty-fifth of June.

The ceremony was attended by two hundred and fifty relatives and friends of the bride and groom. The Rev. Father William McKnight officiated at the double ring ceremony.

Traditional wedding music was provided by Mrs. Arthur Feldhauser who also presented a solo, "Ave Maria," by Franz Schubert. Lighted tapers and arrangements of white gladioli and lemon leaves graced the chancel (altar) for the service.

Marcia is the daughter of Mr. and Mrs. Alfred J. Sorenson of Grayling and was given in marriage by her father.

The groom is the son of Mr. and Mrs. James B. Sullivan of Marlette.

The bride joined her betrothed at the altar wearing a white floor-length A-line gown designed with an Empire waist. A cascade illusion train styled of silk organza fell from the bodice which was fashioned of Venetian lace embellished with re-embroidered medallions. Tea cup sleeves completed the bodice. Matching medallions adorned a Dior bow headpiece of silk organza securing an English silk illusion veil. She wore white wrist-length gloves and carried a white cutting basket of Marguerite daisies, the handle of which was tied with a white bow from which fell satin streamers which were entwined with matching daisies at the tips.

Mrs. Derek McEvers, sister of the bride, was matron of honor. Her Nile green gown featured a white Venetian lace bodice with chapel sleeves and a long sheath skirt patterned in chiffon over taffeta. Soft back panels fell from the bodice. In her hair she wore a matching miniature lace-covered Dior bow holding a bouffant veil.

For the honeymoon trip to Quebec and Montreal, the new Mrs. Sullivan chose a navy blue and white suit with matching accessories, set off by a single white orchid. The newlyweds will live at Marlette until September, when both will attend Central Michigan University at Mt. Pleasant.

Are you paying more than
11½¢ a gallon for your residential
heating oil?

If you are, you're paying too much
to heat your home.

And the nice thing about our Gas rates is that

the more you use, the less it costs per unit. That's a bargain in anybody's book. (Can't pay for the cost of conversion right now? Here's good news: whether you convert your present furnace, or even install a new Gas furnace, we will pay for it and its installation by a Gas Company approved heating contractor. And except for the Gas

you use, it won't cost you a penny until October 1, 1966!)

So make your present oil furnace more economical this winter. Convert to economical natural Gas. Then you can start putting your money in the bank. Call us today for the name of a Gas Company approved heating contractor and full details.

State Highways In Jam . . .

On the basis of a 1960 study, Michigan's highway needs will require \$11 billion just in order to keep pace from now until 1980. However, under the present revenue structure for highway needs only about an \$8 billion yield is projected.

The need of good, adequate highways is a foregone conclusion throughout the Wolverine Commonwealth, but in the northern portion of the Lower Peninsula where the tourist dollar, both winter and summer is needed, they are of vital interest.

The Michigan Good Roads Federation has come up with a program that will produce adequate financing or construction and maintenance of the state's highways during this 14 year period to 1980.

In view of the Federation's history of successful campaigns of the past, such as the '30's, "Get Michigan Out of The Mud", their view is certainly worth exploring.

They propose an increase of one cent a gallon gasoline and diesel fuel tax. Taxes are not popular, but, Michigan has only six other states drawing less than their present 6c per gallon while others tax higher.

They propose an approximate ten per cent increase commercial vehicle weight taxes and a return to the passenger weight tax of 55c per hundred pounds which was reduced in 1933 during the depression to 35c per hundred. There can be no great argument about these proposals, we feel.

Their fourth step would be a change in the formula of distributing these funds so that cities and villages would get a slightly higher amount. It surely is widely known that municipalities need help.

This whole package would cost the average motorist about \$20 per year. A small price, we would say, for adequate highways. RWS

Postmaster James McDonnell has been notified that Oscar Parsons of Maple Forest has been awarded the contract for carrying the mails on the Star Route between Grayling and Lewiston. He is replacing Claude Ancliff who has been the carrier for that route for the past four years. Parsons is a farmer and has lived in Maple Forest township his entire lifetime. He is honest and conscientious worker and we are confident in saying that the patrons of Star Route will be given the best of service. He has a wife and one son, Victor, 18, who will soon be leaving for the armed forces.

Mr. and Mrs. Charles Sidney Barber, long-time Frederic residents who have figured prominently in civic affairs in that community, will mark their fiftieth wedding anniversary Saturday. Their ten children who are now living, all plan to be home for the event, which will bring felicitations from the Barbers' many Northeastern Michigan friends. In addition to 22 years of service on the school board, Mr. Barber has been an active member of the I. O. O. F. and Masonic Lodges. Well known in lumber circles, and has served in highway work too. He was for many years in charge of road maintenance work in Crawford County and was instrumental in building the first mile of gravel road north of Bay City. Mrs. Barber has been prominently identified with the Methodist Church, to which both belong. The children are Edward V., Chicago; Earl C. of Saginaw; Elton G. and Elwood T. of Flint; Elroy of Frederic; Mrs. Esther Downer of Pontiac; Mrs. Evalena all of Frederic; Mrs. Ethel Nelson of Grayling; Mrs. Elora Horner of Detroit and Mrs. Elora Lodge of Frederic.

William Wild, president of the Banner Laundry in Detroit, fished on the AuSable River Thursday. This was the 67th year that he has fished on this river. His father conducted a hotel in Grayling located where Shoppenagons Inn now stands, 70 years ago. He is 85 years old and is a secretary of the Rainbow club, and spends his winters in Florida. About 67 years ago he built a scow and took a trip down the AuSable to Lake Huron. An incident of the trip was his taking a crate of chickens in order to have fresh meat. The only fish he caught at that time was grayling of which the AuSable abounded at that time. That must have been a marvelous trip, those many years ago before there were power dams to spoil the lower part of the river.

Thomas R. Welsh, son of Mr. and Mrs. Fred R. Welsh, has successfully completed his flight training at the Army Air Force Advanced Flying School, Luke Field, Arizona. At graduation ceremonies on June 22, 1943, he received the Army Air Corps silver wings and a second Lieutenant's commission in the Army Air Corps Reserve. V. F. W. POST NO. 3738

Our next meeting will be July
3rd at 7:30 p. m., hoping to make
it quick and short as it is a busy
weekend for all. Comrades we all
know the meeting comes at a busy
time. What do you say to coming
out and finding out what we are
trying to do? We need the coopera-
tion of all to really make a good
showing. There are several items
on the agenda which need discus-
sion and we need all for help.
Our Auxiliary was instituted on
June 21st so we will have a little
help from them also.
